MARES IN THE FUTURITY.

The enormous entry of 1,241 broodmares for the Futurity of 1902 was made by 119 different owners and breeding establishments. Mr. J. B. Haggin is represented by no less than 298 entries, of which 212 represent his great Rancho del Paso establishment and 86 his Elmendorf breeding farm. Milton Young's McGrathiana Stud has the second greatest list, 99, and W. C. Whitney, by an entry of 68 high bred mares, demonstrates what a great breeding establishment he has quickly formed. Of the other great breeders the Keenes have made 59 entries, Gen. W. H. Jackson, of Belle Meade Farm, 49; August Belmont, 46; Marcus Daly, 41, and Mrs. Thomas J. Carson 40. The Haggin entry is no doubt the largest ever made to any event in the history of racing, and for that reason is here printed. Those familiar with racing who scan it closely will discover the names of many once famous because of their exhibitions of speed and endurance over all the various tracks of this country. They are as follows:

HANDICAP WEIGHTS.

The tabulation of weights assigned the horses engaged in the two great handicaps of the year, was incorrect in some particulars as it was published in yesterday's issue of DAILY RACING FORM, due to telegraphic inaccuracy. It is here published in correct form. The allotment of weights will come in for the usual amount of comment and criticism but in the main will stand the test of critical inspection. Two features stand out prominently. One is that for the first time in the history of the two races a mare has been assigned the top weight. The other is that Mr. Vorburg has treated the best three-year-olds with a degree of leniency that amounts to a confession that horses of that age have heretofore been practically handicapped out of any but a remote chance of winning. Considering the high merit of their performances last year Chacornac, Kilmarock, High Order, Montanic, Advance Guard and several others are in so well that more three-year-olds will probably contend for Brooklyn and Suburban honors this year than in any other year since the institution of these races. Generally speaking the top weights have earned their imposts although Imp has seemingly been somewhat harshly treated. Horses in the Brooklyn that have been favorably treated are Box, 118; King Barleycorn, 112; Prince McClurg, 118; Kris Kringle, 106; The Roman, 102; Zero-ster, 105; Sam McKeever, 102 and Raffaello, 113. The fine young mares, Rush, Admiration and May Hempstead all have assignments that they can handle with ease but their prospects will probably be better in the Suburban than in the earlier Brooklyn. If eccentric Kris Kringle can be brought to the post in the form he exhibited on the Cincinnati tracks last fall his chance of being returned the winner of one of these big events is second to that of no other horse engaged.

JOCKEY KIDD BADLY HURT.

NEW ORLEANS, LA., February 1.—Steeplechase jockey Charles Kidd had his skull fractured while schooling Atlantus over the steeplechase course this morning and is still unconscious. Jockey Foucon has been suspended pending investigation of his ride on Rush Fields in his last previous race. Hy Lo was bid up \$300 after defeating Buda and bought by J. J. McCafferty for \$700.

NOTES OF THE TURF.

Leigh & Jordan's good race mare Kitty B. died at John Huffman's farm, near Greenville, Ill., the other day. Kitty B. will be remembered as one of the most useful racing tools at Cincinnati in the fall of 1898. She won three straight races at Latonia that year, and finished second in her next four starts at Newport. Col. W. L. Cassidy, of St. Louis, bought the mare that fall at Lexington, and subsequently sold her to Leigh & Jordan. Bill Whelan had the mare at Little Rock last spring, where she started once and was beaten by Lennep. This was her only start in 1899. Kitty B. was a seven-year-old chestnut mare, by The Minstrel—Minnie May.

Young Sanford Lyne, son of the prominent Kentucky breeder of that name, has in him the making of a great rider. He is a fearless, manly little chap, and, with his intelligence, is fast learning. Lyne is under contract to Charles Patterson, and will go east with the latter after the Memphis meeting. He had the mount on First Past in the Cotton Selling Stakes on Saturday and rode a good race. Lyne is the kind of jockey the turf needs—well-bred, brainy little chaps, whose early training tends to keep them from the vicious paths their more ignorant brothers fall into.—New Orleans Picayune.

The racing dates will be announced by the Jockey Club this week. Saratoga is fairly treated and will receive the same number of days as last year. The Empire City track will not be prepared for racing in the spring, as there is not time to complete railroad facilities to the grand stand, consequently their dates will be allotted in the fall. The dates for the other associations are nearly the same as last year. The program laid out by the Jockey Club is reasonably sure to satisfy everybody connected with the sport.

The first of the get of Ornament has been foaled at Beaumont Stud. It is a chestnut filly out of Lizzie Flynn, by Revolver, second dam Nuisance, by Planet. Lizzie Flynn is the dam of Julio, Lamar, South Side, Charley McDonald and Lizzie Cavalier. The filly is handsome individually, and is attracting unusual attention because it is the first of the get of the great son of Order.

John W. Schorr, the well-known Memphis turfman, is on his way to San Francisco, where he hopes to convince the judges of the California Jockey Club that his jockey, Tom Burns, has been sufficiently punished.

Secretary E. C. Hopper is on his way back to San Francisco to reserve his position in the judges' stand at Oakland. He will return to Covington in April.

The California Jockey Club has begun a war upon "touts" and any of them caught at work will be ruled off for life.

Jockey Camille Bouillier died at San Francisco last week.

RACING FORM'S SELECTIONS.

DAILY RACING FORM has no private informa-
tion. It seeks none. Its calculations over the
horses as they are grouped daily at various
racetracks are purely those of general perform-
ance and ability as shown by the records and
the application and knowledge of its editors
and the reports of its correspondents. These
calculations are printed daily. Nothing is
hidden. All that the staff of the paper knows
is put into type. If the selections made nightly
are sought by persons outside the daily delivery
lines of the paper they will be sent by Western
Union night rate messages (collect) at \$5 per
track per week. Such service is not solicited,
but if it is considered valuable, will be per-
formed.
